WORK EXPERIENCE

Chov Tech:

Asokoro, Abuja.

Chov Tech is an IT company in Abuja specializing in mobile and web app development. They also run a boot camp for intending Programmers.

UI/UX Designer, Fronted Developer:

April 2020 – September 2022

- **CHOV Internship:** During my stay at Chov Tech, I started as an intern during the Covid 19 Pandemic, Which lasted for six months.
- **UI/UX Designer:** After my 6 months internship program, I was given the role of a junior UI/UX designer, which lasted for a year.
- **Fronted Developer:** After a year of being a UI/UX designer at Chov I was then promoted to the role of a Fronted Developer at the company.

Freelancer:

Garki, Abuja.

After my job at Chov Tech, I ventured into freelancing for the first time in my career as a fronted developer where I worked on multiple projects.

Fronted Developer:

October 2022 – April 2023

- **InternetRiches Landing Page:** Internet Riches is a landing page website for an online course/program that educates people on how to start up and grow a business online, It took me 1weeks and 3days to complete with a follow-up maintenance which lasted 3 weeks
- **School Management System Software:** I was asked to redesign the examination portal for School Management Software for a private school here in Abuja, which took me 2weeks to create. With 3 weeks of software support and maintenance for the school.

EduMESS:

Asokoro, Abuja.

EduMESS is a school management software company that creates school management software for educators and schools around the nation.

Fronted Developer, Content Manager:

May 2023 – July 2024

- **Fronted Programmer:** I was employed as a fronted programmer to help with version 2 of the EduMESS school portal software, Where I worked with a team of full-stack and co-fronted programmers.
- **Social Media Content Manager:** After 3 months of working for the company I was tasked with the responsibility to handle the social media handles of the company.
